Open Data Journey in Oman

Barriers and Challenges

Open Data Principles

- Complete
- Primary
- Timely
- Accessible
- Machine processable
- Non discriminatory
- Non proprietary
- License free

Key Challenges

A horizontal callout box with an orange-to-brown gradient. It features a light-colored circular shape on the left side that overlaps the box. The text "Data completeness" is centered in white.

Data completeness

A horizontal callout box with a brown-to-dark brown gradient. It features a light-colored circular shape on the left side that overlaps the box. The text "Update frequency" is centered in white.

Update frequency

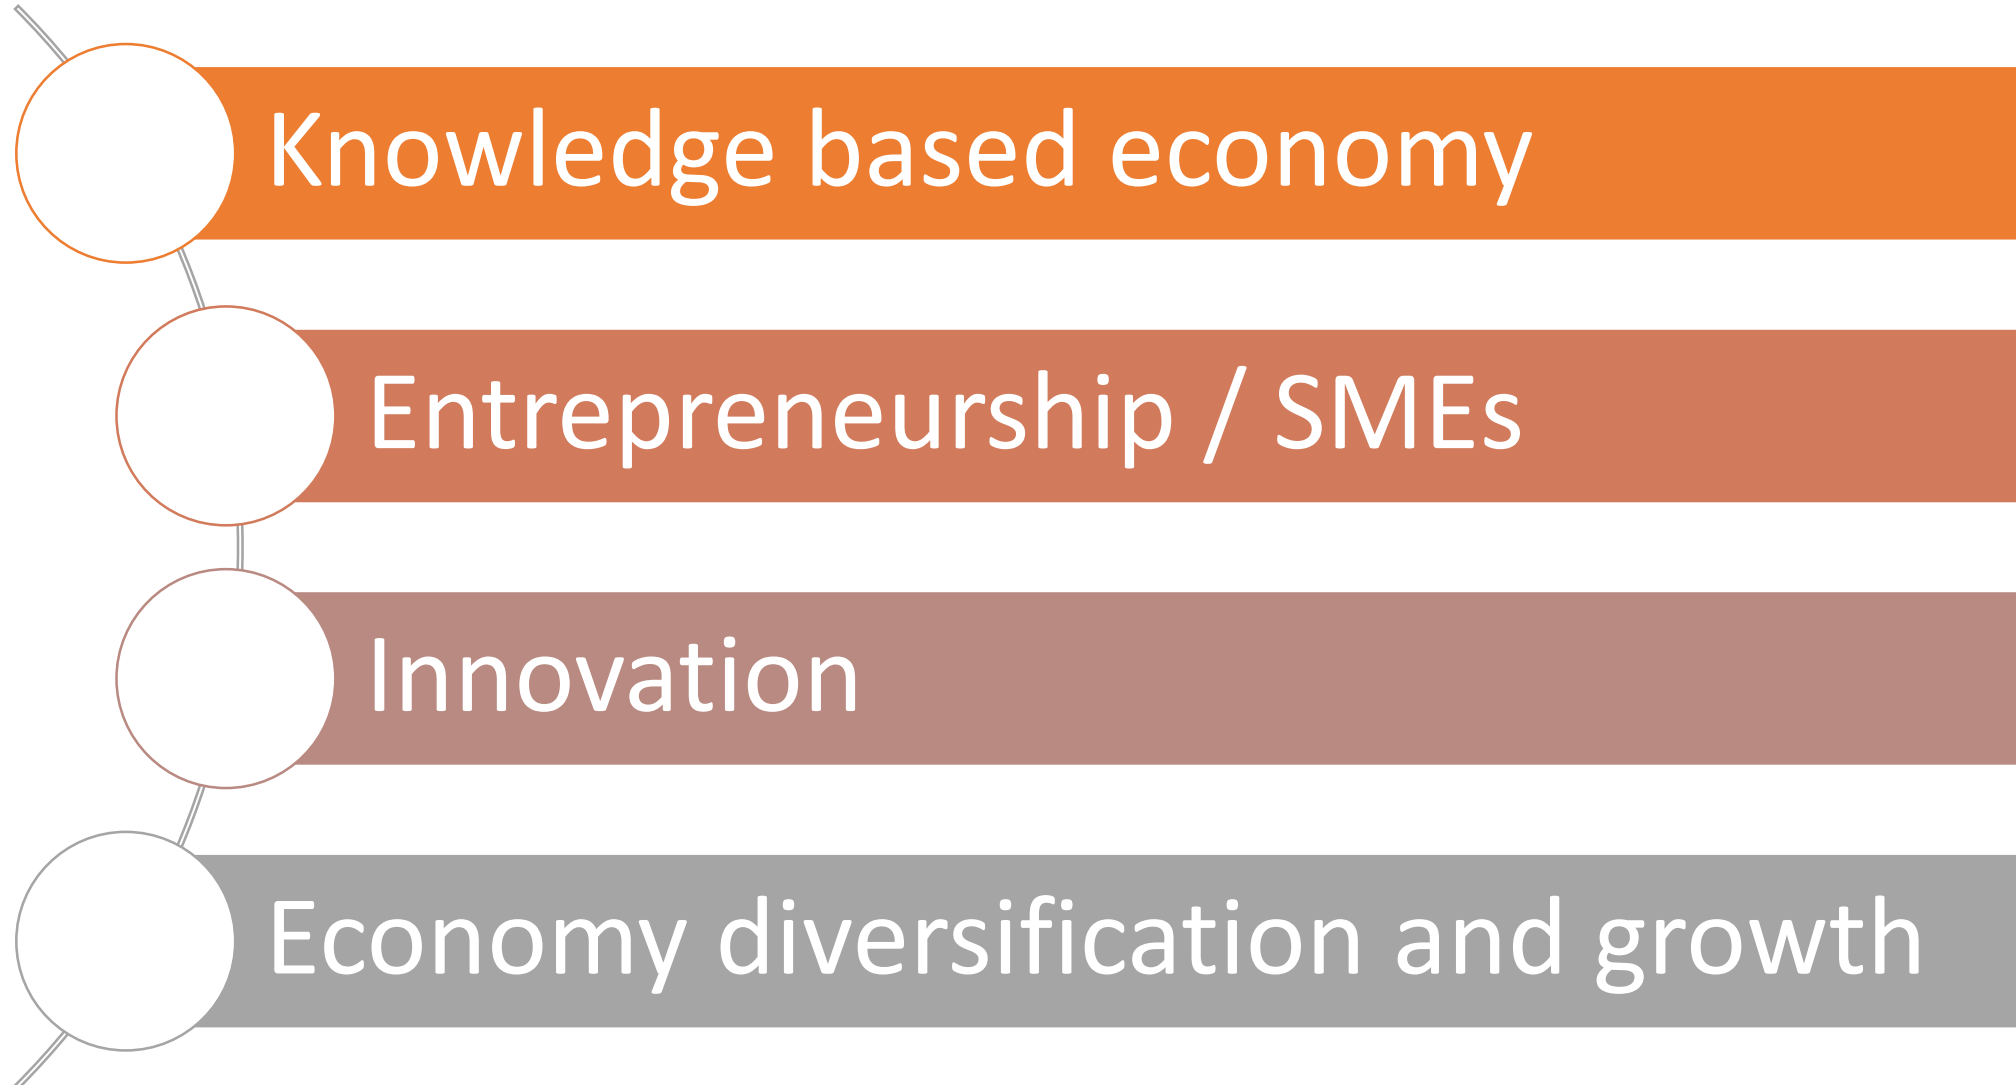

A horizontal callout box with a grey-to-dark grey gradient. It features a light-colored circular shape on the left side that overlaps the box. The text "Data aggregation" is centered in white.

Data aggregation

Big results
require
Big ambitions

powered by OPEN DATA

The Way Forward

- Awareness programs

- Stronger, sustained efforts

- Local capacity building

- Clear KPIs and follow-up plan
